ADEPT SPRING '23 (VERSION 11.0.6)

Welcome to Adept SPRING '23!

Adept SPRING '23 (11.0.6) provides suite-wide support for Autodesk 2023 and SOLIDWORKS 2023, along with some other fixes and enhancements. SPRING '23 follows the Adept FALL '22 release (11.0.5), where an all-new, integrated view and markup solution was launched. Visit What's New in FALL '22 to learn more about the that release.

From all of us here at Synergis Software, thank you for choosing Synergis Software as your partner for centralized document access, visualization, collaboration, and control.

Best wishes,

Todd Cummings

NEW CAPABILITIES IN ADEPT

NEW FEATURES & ENHANCEMENTS IN THE CAD INTEGRATIONS

SUPPORT FOR AUTODESK 2023 PRODUCTS

This release provides complete Adept CAD integration support for AutoCAD 2023, AutoCAD Electrical 2023, AutoCAD Mechanical 2023, Inventor 2023, Navisworks 2023, and RealDWG 2023. Supporting the latest versions of Autodesk products allows you to upgrade your CAD software while maintaining compatibility with Adept.

SUPPORT FOR SOLIDWORKS 2023

This release provides complete Adept CAD integration support for Dassault Systemes SOLIDWORKS 2023. Supporting the latest SOLIDWORKS products allows users to upgrade their CAD versions while maintaining compatibility with Adept.

NOTE: Requirements for applications that support the Viewer have been updated. For more information, please refer to the Adept SPRING '23 System Requirements.

NEW FEATURES & ENHANCEMENTS IN ADEPT PUBLISHWAVE

The following new features apply to Adept PublishWave.

SUPPORT FOR AUTODESK 2023 PRODUCTS

Adept PublishWave SPRING '23 provides support for AutoCAD 2023 and Inventor 2023. Supporting the latest versions of Autodesk products allows users to upgrade their CAD versions while maintaining compatibility with Adept PublishWave.

SUPPORT FOR SOLIDWORKS 2023

Adept PublishWave SPRING '23 provides support for Dassault Systemes SOLIDWORKS 2023. Supporting the latest versions of SOLIDWORKS allows your users to upgrade their CAD versions while maintaining compatibility with Adept PublishWave.

NEW FEATURES & ENHANCEMENTS COMMON TO ALL ADEPT CLIENTS

The following features apply to all Adept Clients (Desktop, Web, Task Pane/CAD Integrations).

FIXES, ENHANCEMENTS, AND POLISHES

This release includes 89 enhancements addressing customer-reported issues and requests, all of which increase Adept stability, reliability, and overall user experience.

ADEPT LICENSING ENHANCEMENTS

Please note that the licensing mechanism changed significantly in 11.0.4, which requires a new Authorization Code. A new authorization code is required if you are upgrading to this release from an Adept version older than Adept FALL '21 (11.0.4). If you are upgrading from Adept FALL '21 (11.0.4) or Adept FALL '22 (11.0.5), you are *not* required to update your authorization code.

UPGRADING TO ADEPT SPRING '23

To discuss or schedule your upgrade to SPRING '23 from any Adept version, please book a meeting with your Adept Account Manager.

Adept and PublishWave System Requirements, Viewer Supported Formats, and other technical documents can be found on the Adept Resource Center. Those documents and software documentation and installation instructions can be accessed by logging into the Adept Customer Portal.
